Apartment 45, Batiment 116, Place Francois Spoerry, Port Grimaud, France

From Nice Airport

Leave airport looking for blue signs 'A8 Peage' (means toll route motorway)

Take direction 'A8 Marseilles, Cannes' (NOT Geneve/Grenoble/ Monaco)

At first toll need (I think) €2.70, (can throw in bucket.)

At next set toll gates collect ticket. Do not drive through without or they'll charge you for the entire length of motorway.

Proceed to **J 36** signposted '**St Tropez**'. (Maybe 40 mins from airport)

At exit you will need (I think) €4.30.

Through toll and take first proper exit to your right (maybe 250 yards) signposted St Maxime, St Tropez, D125

You will be on this road for 20ish mins.
As you come down into St Maxime follow the green signs 'St Tropez D25' – you will turn R at a roundabout at which McDonalds faces you.

Continue following signs to St Tropez, then they'll read Toulon and St Tropez now on white signs.
Sea should be on your L

Straight over roundabout signposted Grimaud and Port Grimaud

At 3rd roundabout go straight on, (after 500 m will see sign R to Grimaud – DO NOT TAKE THIS,) continue on road
At 1.2 km from that 3rd roundabout go under bridge (this is the first bridge you go under) and **turn R** at sign '**Grimaud**' and then **immediately R** again sign '**Port Grimaud**'

Go over bridge, down to small roundabout, hairpin 1st right exit,

Over 2 speed humps, then you come to roundabout and security hut. Stop and tell them
'J'habite Apartment Quarante Cinque, Batiment Cent Seize'

and they'll let you through barrier. Turn L and go through arch. 50 yards, stop.

You should be in a square, facing another arch.

DO NOT PARK HERE FOR LONG OR YOU WILL BE STICKERED

But you can unload and get the barrier controls from apartment.

To park turn to your L before the second arch, go under barrier (open with black controller from keycupboard in apartment. Remember to put a parking permit in the windscreen. The parking permit is also in the keycupboard in the apartment – has PG icon and 770 written on it) take second entrance on L, parking space 770 . Mind the scooter.
Do not forget to return the barrier control and parking permit to the keycupboard before you depart.

Entrance to building on your L is on the face of the building that is perpendicular to road.
To open door code is 1971 bell. (bell symbol on pad)

Take lift or stairs to 2nd floor, turn L, Apartment 45 is at end of corridor.
